

# SEND Therapists: Early Years

If you would like to speak directly to an OT or SALT please liaise with your area SENCO to arrange a meeting. We are also interested to know what training you would like receive in relation to OT and SALT support.

## Occupational Therapy

*"We help develop children's independence in activities of daily living and hobbies"*

## Speech & Language Therapy

*"We help children to develop their speech, language and communication skills"*

**Do you have children in your setting who have difficulties with...**

Coordinating their body?

Dressing independently?

Answering questions?

Playing with their peers?

Their senses such as hearing, touch or smell?

Talking clearly?

Feeding themselves or eating different foods?

Following instructions?

Toileting independently?

Talking about what they're playing with?

Motor skills such as running or jumping?

Playing with toys?

Listening to adults?

Naming things around them?
